

E GRADE

The girls were keen to get back out onto the court after a week's break on the weekend. Kylan unfortunately was sick and injured so we welcomed Laetitia Boughen and Courtney Paech to our team. Both girls played a half at WA, and did very well.

Our team struggled to keep focused throughout the match, and did some very silly passes. However the encouragement by the senior players in the team towards Laetitia and Courtney was a highlight. Although we came away with a 38 goal win, all of the girls would probably agree that it wasn't the best game of netball they had played. Coaches award and best media player this week was awarded to Nicole Simon, who shot beautifully, as well as being a great help to Laetitia and Courtney.

This week we come up against Peake, this will be a different team that we play this week, compared to the first round, so we have to get the focus back girls, and play the netball that we know you all can play.

Lets go maggies, and show them why we are on top of the ladder.
